

FLOODING

Waveney Greens People's on line Forum Monday April 19th 6.00

Last Christmas the River Waveney flooded, from Diss to Beccles; the Yare and other rivers in Norfolk and Suffolk also over flowed their banks and caused anxiety and misery to hundreds of people. Large areas of central Halesworth are also vulnerable to flooding.

Were you or your family, business or livelihood effected?

What was your experience and what help did you receive?

Do you have ideas on what we should do to prevent this happening in the future?

What changes would you like to see?

Local Green Party Councillors and Candidates will be here to hear from you, so they can take your concerns to County and District Councils

The Peoples Forum is your chance to express your views directly to the people who make the decisions.

To attend please email info@waveney.greenparty.org.uk for the Zoom address

This will be the last Green People's Forum of the current series, but they will return by the autumn if not sooner
